# GM31

## Grandarts Professional Airbrush Cleaning Brush

Engineered for high-efficiency cleaning of airbrush cups and fluid nozzles, specifically targeting deep and narrow structures where paint accumulates.

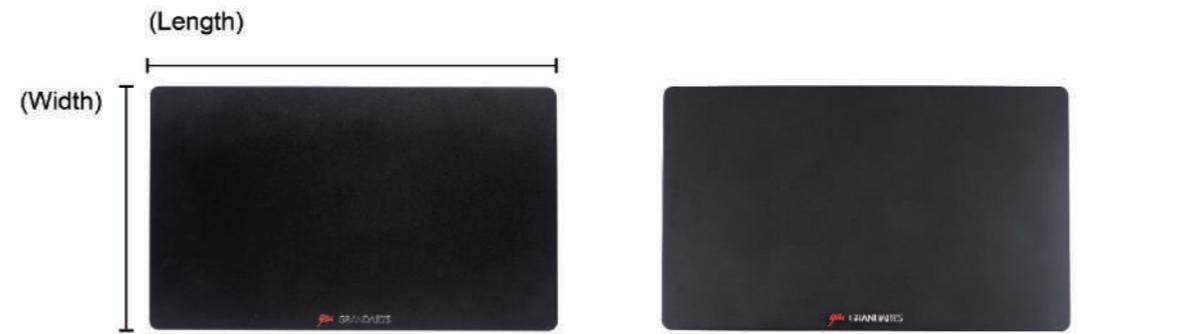

Extended bristle length easily accesses the deepest points and tightest edges for zero-dead-zone cleaning without scartching or damaging the internal of air brush.

Size	1
Length	23
Width	1.2
Overall Length	176

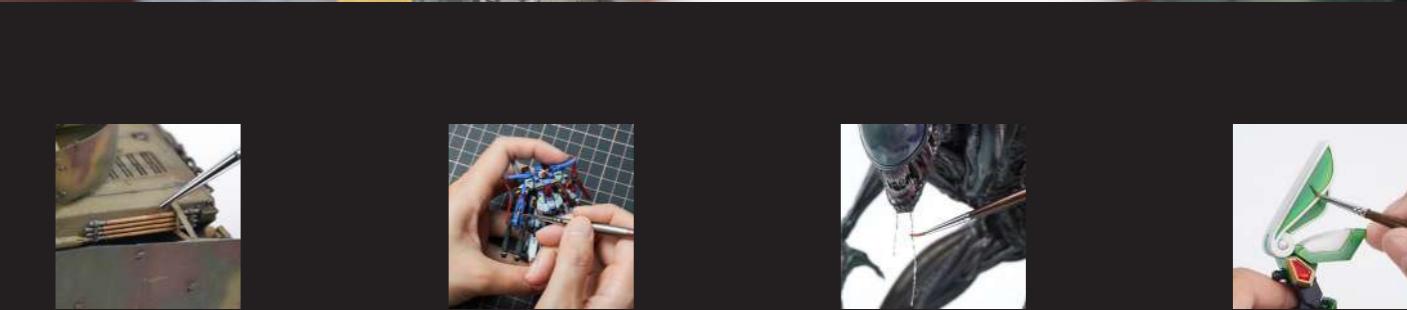

# GMWP

Featuring high-density PVA sponges for a bubble-free, hydrated surface, both the lid and the base function as wet palettes, providing maximum flexibility. Complete with high-visibility PET covers, it ensures maximum moisture retention and dust protection for long-lasting paint workability.

Size	01	03
Length	20	
Width	15
